## THE RATTLE & MUM READER

She is a mom, or pregnant, or a woman who wants to be a mom one day, or a woman interested in cool stuff. She's into all aspects of womanhood and motherhood, and loves looking after herself as much as she does her kids. For laughs, she enjoys the humorous posts. For inspiration, she likes the real-life stories. For guidance, she enjoys the product reviews, parenting tips and "expert" stories. For herself, she reads the beauty and fashion features, and enters the competitions.
